

This Report is as of March 25, 2019. If you see a Compatriots name more than once, it normally means that he received more than one Military Award, and thus was entitled to more than one Certificate, and possibly membership in more than one Veterans Corps. At the bottom of this report, where it shows number of Society Members and Number of Recognized Veterans per Society, please understand that there could be late death notices or last-minute reinstatements, but this count of Society Members is close.
